Counsel for Machen Claim His Innocence.

NO MORE ARRESTS MADE Said that There is a Possibility that the Intermediary May Turn State's Evi-

dence-Probing Into Irregu-

larities Still Continues.

(By Associated Press.)
WASHINGTON, D. C., May 28.—A large corps of inspectors, including some of the veterans of the service, were at work probing into the alleged irregularities at the Postoffice Department to-day, but no

further arrests were made. It is said to be possible that the intermediary who, it is alleged, figured in mediary who, it is alleged, figured in transactions which led to the arrest of August W. Machen, the former general auperintendent of the free delivery service, may turn State's evidence. His identity has not yet been disclosed. Mr. Machen's counsel issued a statement asserting his ability to fully disprove all the charges. The investigators are equally confident. The government is anxious to expedite the trial of Machen as much as possible, consistent with the proper handling of the case. It is arranging to have its witnesses at Machen's preliminary have its witnesses at Machen's preliminary hearing June 5th. The preliminary hearing of the Groff Brothers, the profits of whose firm Machen is accused of sharing on a forty per cent. basis, has been

be too precipitate in taking action, and there was an infimation that the department might desire the go-between to turn State's evidence.

A report was published here to-day that George W. Beavers, the former superintendent of division of salaries and allowances, was in the city, but the department denied having any such information.

Mr. Payne was asked as to the nature of the charges on the against Mr. Beavers. He replied that they might be summed up as the payment of extravagant prices for materials and supples used in his division, including time clerks and stamping machines. He said that there was only one charge that Mr. Beavers had received a commission on these supplies. This charge, he said, is under investigation. A much more rigid overhauling of the affairs of Mr. Beavers former office will begin shortly.

ARE STILL PROBING.

The investigation of the affairs of the free delivery division, it is stated, has not been interrupted by the arrest of Machen. The inspectors who brought about that result are continuing their inquiry, and will probably probe into other charges against Mr. Machen lat this connection Postmaster-General Payne to day said that one of the charges under investigation was an allegation that Mr. Machen had forged the name of another man on the pay-roll about the years ago the said that Mr. Machen knew of this charge, and had informed him (the Postmaster-General) that he (Machen) was ready at any time to bring conclusive proof that be was innocent of the transaction Other charges to division of the charges are of the charges are of the charges are of the charges are of the charges involve letter bay gontrycts, Some of the charges are of

a similar nature to those on which yesterday's arrest was based. The overhauling of the free delivery branch will be thorough, and Postmaster-General Payne to-day declared with emphasis that the investigation will not end until all irregularities have been thoroughly inquired into and eradicated. He said that he did not know as yet when it would be possible to close the investigation, and that he would not attempt to approximate the would not attempt to approximate date. He said there has been a few charges against several other officers o the department, but the complaints o irregularities were confined practically to the free delivery service, the salary and allowances division, and the office of

CONFER AS TO PROCEDURE.

Assistant Attorney-General Robb, of the Postofilee Department, had a long conference to-day with United States District Attorney Beach regarding the procedure in the Machen case. It is the wish of the Postmaster-General that the trial of the case be expedited as much as possible. The evidence in the case has already been reviewed by Attorney-General Knox, Solicitor-General Hoyt and District Attorney Beach, and the prosecution now rests with the Department of Justice. The Federal grand jury is in session, and it is said that the case of Mr. Machei will be presented immediately to that body. The civil suit and attachment proceedings to recover the amounts alleged by the Postofilee Department to have been obtained frem the post-box fastener contracts will be instituted at once. This phase of the case is now in the hands of the District Attorney. The proceedings will be similar to those instituted in the Green-Gaynor case. will be similar to those instituted in the

WILL MEET THE CHARGES. Charles A. Douglass, of counsel for Mr. Machen, to-day gave out the following

Mr. Machen is ready to meet, in the clearest and most satisfactory way, the charges now specifically made against him, and he now generally and publicly invites the most rigid investigation in every act and transaction connected with his official life. More than this should not new be said."

Mr. Machen, under advice of counsel, refused to discuss the case.

Diller B. Groff, senior member of the firm of Groff Brothers, managers of letter box fasteners, who was arrested last night for alleged bribery of former Superintendent A. W.
